Fine Arts Day School

The McEachern Methodist's Fine Arts Academy, **Fine Arts Day School** meets on Monday's from 9 -1 during the school year. Our program is specifically designed for preschool children ages 3-5.

In this exciting class, students get to explore music through the award winning **ABC Music & Me, created by Kindermusik®!** They will learn about movement, echoing, rhythms, play acting, and get to experience a wide variety of age appropriate musical instruments.

The **art program**, taught by our certified art teacher, gives the children a “process” based art experience. They can see what happens when colors mix, feel dough in their hands and develop their natural creativity, and let their imagination soar, while also learning the basics of art. Students are able to experience many different types of art media throughout the course.

Our Teachers

Anne Gordon holds a Master's Degree in flute performance and a Bachelor's degree in Music Education. Anne is

a licensed Kindermusik educator, teaches our Cherub Music camp, as well as teaching flute sectionals at area high schools and private flute lessons.

Beth Morris is a state certified visual arts teacher. She majored in Studio Art, at Marietta College (in Marietta, OH) and comes to us with a broad range of experience including teaching for the Cobb County School District, The Art Station at Big Shanty, the Cleveland Museum of Art, as well as Kenesaw State University's Continuing Education program. She enjoys seeing both her students discover art in the world around them.

Information & Daily Schedule

Our day is similar to a typical preschool day. We have centers upon arrival, and then the students participate in either art or music. Next we go outside (weather permitting) to the playground. This is followed by our snack time. After snack the students will go to the other major area. Lunch follows, and we end the day with story time.

Students are required to be age 3 by Sept. 1 to be enrolled in the program. They also need to be potty trained.

Registration is \$95, and includes a supply fee for art supplies. Tuition payments are divided into 9 equal payments (August—April) of \$90 a month, which includes a monthly Kindermusik take-home kit (with bi-monthly instruments).
